# USER TESTING

- Age range: 17-59
- Devices tested: Pixel 9 Pro, Samsung S21, iPhone 12, iPhone 16, iPhone 16 Pro Max, iPad, Windows PC
- Browsers tested: Chrome, Safari, Firefox

The site loaded fine and there were no issues with the design layout on any device or browser. None of the users had any recommendations on changes needed to the design of the app. All users were able to complete all their tasks.

# LIGHTHOUSE TESTING

## Changes from lighthouse testing

- Colors were changed to pass contrast accessibility tests
- Added additional spacing between the links in the footer on mobile devices
- Added meta tags for better SEO
